Name of Marae, Historical Building or Project

Guidelines

The Whanganui Trust is funded by Morikaunui Incorporation supplemented by interest on its invested funds. It was established for charitable purposes and has determined a focus on Morikau shareholders and their descendants as well as the beneficiaries of shareholding trusts. Support also extends to Marae and Churches in the Awa as well as the Whanganui Awa School.

This form is to be used when applying a Marae Emergency Repairs grant or any other Community Project assistance. It is expected that applicants will have applied or are applying to all other potential sources of funding for their project.

Because the Trust has limited resources, it needs to be regarded as a potential source of top-up funding only. It is therefore expected that other funding applications will have been submitted or are being submitted at around the same time of this application. The Trust can consider this application and approve a grant subject to (i) the project having sufficient funding to proceed; and (ii) the need for the funding from the Trust, on the basis of other success or otherwise. Before any payment is made the Trust will require copies of all the responses to the other funding applications detailed in section 3.

While the Trustees have developed guidelines as a basis for considering Grant requests, they have total discretion on a case by case basis. One of the over-riding limitations is the availability of funds and this will vary from year to year.

Under the 2005 Charities Act, only registered Charities are eligible to receive grants. Any deviation from that puts the Trust's Charitable status at risk. The same criteria applies for all Community Trust applications.

The questions for which answers are sought in this application form may seem to be intrusive however in the interests of responsible governance, the Trustees need to satisfy themselves that the funding the Trust is looking to approve is going to be used appropriately, in accordance with the Trust Deed.

Grant applications for which this form should be used are:
